

Vision Quick Start Guide

Pre-claim estimate and Submit a Claim

Before submitting a claim, create the pre-claim estimate, an online summary showing the services and costs involved. If the pre-claim estimate looks correct, submit it for processing.

Procedure Code 2: [Dropdown] \$ [Input]

Procedure Code 3: [Dropdown] \$ [Input]

Dilated retinal exam performed: Yes No

Patient tested for glaucoma: Yes No

Contact Fit

Contacts: [Input]

Frame: [Input]

Lenses: [Input]

Lens Options: [Input]

Clear All

- 1 Enter patient and provider information.
- 2 Select services provided, carefully enter diagnosis codes and ancillary details.
- 3 To view a pre-claim estimate, select Save & Calculate.
- 4 To submit the claim, simply select Submit on the pre-claim estimate.

Tips: You can update a claim within 90 minutes of submission.

You don't have to file for dilation and it doesn't impact reimbursement.
